Miller Chemical & Fertilizer Corp.
Ralls Road
Box 323
Hanover, PA 17331

Dear Mr. Fiery,

Enclosed you will find an Order served pursuant to Article 43 Section 397, requiring your company to submit to the Environment Health Administration such plans, specifications and process modifications pertinent to your proposed method of industrial waste disposal. Should your method meet with the approval of Administration, a permit to utilize the method of disposal indicated shall be issued pursuant to Article 43, Section 397.

If you have any further questions, please do not hesitate to communicate with the Division of Solid Waste, of the Environment Health Administration, at 363-2771.

Sincerely yours,

CRB
Charles R. Buck, Jr., Sc.D.
Secretary of Health and Man

ORDER

MILLER CHEMICAL & FERTILIZER CORP.

WHEREAS, the State of Maryland, Department of Health and Mental Hygiene, pursuant to the powers, duties and responsibilities vested in and imposed upon, the Secretary of Health and Mental Hygiene by the provisions of Article 43, Annotated Code of Maryland has caused to have conducted an investigation and probable cause to believe that a health hazard prejudicial to the public interest will result due to the following existing conditions at the Miller Chemical & Fertilizer Corp.:

1) The existing method of waste disposal is found to be or liable to become a menace to health or comfort;

2) No plans, specifications or process modifications for waste disposal exist which would serve to adequately describe how the above deficiencies are to be corrected;

It is this 13 day of March, 1979, therefore ORDERED by the Secretary of Health and Mental Hygiene, that within 30 days of receipt of this Order, Miller Chemical & Fertilizer Corp. shall submit to the Environmental Health Administration such plans, specifications and process modifications for waste disposal as are necessary to determine if the proposed methods employed by Miller Chemical & Fertilizer Corp. can be permitted under Article 43, Section 397 of the Annotated Code of Maryland. The Miller Chemical & Fertilizer Corp. is directed to make alterations in the methods of disposal upon approval by the Department of Health and Mental Hygiene.
